### CARAN D'ACHE AND THE ART OF HAUTE ÉCRITURE

Since 1915, Caran d'Ache has perpetuated the art of writing and drawing with great passion. A flagship of Swiss manufacturing tradition, the company develops and produces all its writing instruments and fine arts products in its workshops in Geneva under the "Swiss Made" label.

The Haute Ecriture instruments from Caran d'Ache crystallise one hundred years of constantly renewed know-how. As early as the 1930s, the company successfully developed unique expertise in order to create fountain pens, roller pens and ballpoint pens combining aesthetics, comfort and noble materials such as gold, palladium, platinum and rhodium. True marvels of craftsmanship boasting inspired lines, the Haute Ecriture collections embody a passion for stylish design combining refinement and creativity, resulting in high-quality pieces.

True marvels of craftsmanship boasting inspired lines, the Haute Ecriture collections embody a passion for stylish design combining refinement and creativity, resulting in high-quality pieces.

Caran d'Ache's love for attractive writing has resulted in prestigious collections and numerous limited editions showcasing exceptional collaborations and the craftsmen's creativity. From the Caelograph to the 1010 Timekeeper via the "Year of" creations and their tribute to Chinese astrology, these writing instruments are pure works of art.

Quality and respect for the environment are an integral part of this production process. Once the different pieces have been produced, each Haute Ecriture instrument is assembled by hand. A firm favourite with aficionados of fine writing, the Caran d'Ache writing instruments are a guarantee of distinction and prestige for anyone who uses them and wishes to write their story in their own distinct style.

## THE ARTISTIC CRAFTS

### ENGRAVING

The fine engraving that characterises Caran d'Ache writing instruments is the product of patient, meticulous work. The company's innovative techniques of milling and engraving with lasers or diamonds make it possible to produce a large variety of outlines and reliefs that bring a design to life by creating a delicate play of light and shadow. Whether it is guillochage or personalised engraving, each piece receives the same attention to detail, making the finished instrument a treasure of refinement.

### POLISHING

A soft touch, comfortable writing and perfect design... sometimes sparkling, sometimes matt, each part of these Caran d'Ache products is carefully worked. All the writing instruments finished in precious materials are polished, which is also a very important operation when applying lacquer or Chinese lacquer.

### THE UNIQUE EXPERTISE OF THE LACQUER MASTER

A finish that requires exceptional precision, lacquer gloriously enhances a writing instrument with an incomparable brilliance and its large palette of tints that Caran d'Ache is constantly extending. Because preparing and applying lacquer requires such extraordinary skills, the work of the lacquer master is uniquely valuable. It demonstrates the company's commitment to authenticity and excellence in every product it creates.

### JEWELLERY

Setting diamonds, rubies, sapphires, emeralds, and engraving initials, a name, or even a short message... Caran d'Ache offers all lovers of rare objects the possibility of personalising their writing instrument. If they wish, they can choose the precious stones, which will then be set by a Geneva jeweller. Each personalised writing instrument is numbered, engraved and accompanied by a certificate. Gemstones used by Caran d'Ache are from controlled, ethical sources, are not involved in the financing of armed conflicts and conform to United Nations resolutions.

## NOBLE MATERIALS

### PRECIOUS METALS: SILVER, RHODIUM, PLATINUM, PALLADIUM

Caran d'Ache creations in silver or solid gold are systematically controlled by the Federal Office of Metals and are certified with its seal. Gold is the metal used in the most beautiful work produced by Caran d'Ache craftsmen. Like real goldsmiths, they sculpt it, decorate it, engrave it and polish it.

But Caran d'Ache also explores other horizons with rhodium, the metal in the platinum family whose hardness and rarity make it twice as expensive as gold. Extremely strong, it enables writing instruments to keep their brilliance over the years, protecting them from corrosion and rust, as well as abrasion and tarnishing. Rare, pure and inert, rhodium is the most exclusive of the precious metals used by the company.

### CHINESE LACQUER

A natural, living product derived from the sap of the Rhus Vernicifera tree, Chinese lacquer regularly inspires the most beautiful creations of the Maison Caran d'Ache. Using traditional expertise inherited from the great oriental masters, the company is one of the very few in the world to have the secret. The multiple coats of lacquer are applied over a period of twelve days. Chinese lacquer, which may be natural colour or tinted with pigments of blue, black or red, embellishes lighters and writing instruments in the Varius collections as well as the limited editions.

## ECRIDOR

Since the 1930s, the Ecridor writing instruments have been emblematic of the precious know-how of Caran d'Ache. Their sober and elegant hexagonal design is inspired by the shape of the pencils so dear to the Geneva-based company. The play of light and sparkle created by the perfect geometry of the symbols, so intense and inspiring, reflects the expertise of the master guillocheurs and polishers who give free rein to their talent. Whatever the metal covering the brass body and whatever the form (fountain pen, roller pen, ballpoint pen or mechanical pencil) and finely-engraved pattern on the instrument, there is an Ecridor to inspire each and every one of you.

- Four writing instruments:
    - Fountain pen, roller pen, ballpoint pen, mechanical pencil
    - Brass body and cap, available in various finishes
    - Flexible clip
    - Steel nib available in three distinct widths: F, M, B
  - Can be customised by means of personalised engraving
  - Standard screen-printed case
- Includes:
- the user guide / warranty
  - two blue ink cartridges or one black Rollerball fine tip refill or black M Goliath refill
  - International warranty
  - Swiss Made

## HERITAGE GUILLOCHE

The Ecridor Heritage is decorated with hexagons, a symbolic motif evoking the identity of the Geneva-based Maison. Like a kaleidoscope, the hexagon transforms into cubes revealing endless mirror perspective.

## AVENUE GUILLOCHE

Caran d'Ache presents Ecridor Avenue, a new style for its iconic Ecridor Collection. Adorned with harmoniously-aligned engraved cubes, Ecridor Avenue celebrates the paving in Geneva's streets, highlighting a specific facet of the family firm's exceptional know-how. With Ecridor Avenue, Caran d'Ache invites aficionados of beautiful objects to take a stroll through the streets of Geneva. The city and its carefully aligned cobblestones have been transformed into a hundred polished quadrilaterals, which are delicately arranged and engraved on the body of the pen. This sophisticated edition features certain attributes which recall exceptional Swiss know-how in another field: watchmaking. The squares – so delicate to the touch and reflective of the light – are reminiscent of the links of a watch strap, paying homage to the mastery of precision mechanisms. This design and finesse lend Ecridor Avenue a resolutely urban and contemporary style while nevertheless respecting tradition.

## MAILLE MILANAISE GUILLOCHE

Popular in the watchmaking industry, the Milanese mesh embodies both a retro-chic style and a timeless elegance. The master craftsmen at Caran d'Ache have drawn inspiration from this pattern – created in the 17th century by Milanese goldsmiths – to lend the body of this iconic pen its own unique light. The refined lustre makes the Ecridor a highly exclusive accessory, echoing the aesthetics of fine watchmaking and leaving a lasting legacy.

## ECRIDOR RACING

Caran d'Ache unveils the Ecridor Racing, the first writing instrument boasting a total black look from the eponymous collection. Inspired by the sleek designs seen in the world of motor racing, this resolutely contemporary ballpoint pen once again highlights the creative force of the century-old company.

The new Ecridor Racing asserts its motor racing genes: deep matt black body decorated with engravings inspired by radiator grilles, palladium-plated profile attributes, intense red flashes and even the engine that will keep running well beyond 600 pages of A4. Swiss Made from our designers' vision to production in the Swiss workshops, the Ecridor Racing is a series model with a strong, distinctive and resolutely masculine character. An ideal writing companion, this new pen will delight fans of objects that reflect their independent and dynamic spirit.

## FLOWERS GUILLOCHE

The Maison Caran d'Ache presents Ecridor Flowers, inspired by the poetry of exotic gardens. Thanks to the expertise of artisans from the Swiss Manufacture, a luxuriant, heavenly natural environment places its radiant stamp on these emblematic Haute Écriteure writing instruments. Since its creation in 1930, Ecridor by the Maison Caran d'Ache has celebrated the art of engraving on the hexagonal bodies of these iconic writing instruments. The master-craftsmen at the Geneva Manufacture apply their talent to unremittingly innovative techniques. The motifs displayed on the models in this emblematic collection reveal a series of universes that are inspiring, timeless, sophisticated and elegant. For the first time, Caran d'Ache combines two engraving techniques to create the plant motifs of which Ecridor Flowers is composed. Using a laser, the designs of leaves and petals are outlined with exceptional precision and delicate whiteness on the body of the ballpoint pen. The three different sizes of the stamens within the exotic flowers produce the radiance of precious stones.

## LÉMAN

An expert in colours and media dedicated to the fine arts, Caran d'Ache also calls on all its talent to design writing instruments in exceptional colours. Since 1998, the Léman collection has embodied the richness of chromatic variations illuminating the shores of the lake so dear to the inhabitants of Geneva. A veritable homage to the most beautiful shades that nature has to offer, the Léman collection combines stunningly coloured varnishes with the brilliance of precious metals. Hand polished by the company's craftsmen, these writing instruments can also be enhanced through traditional guillochage and lacquering know-how, offering an explosion of shades and curves. Caran d'Ache has enhanced its collection of Haute Écriture Léman instruments with the Léman Slim range boasting a slender, refined outline for light and delicate writing comfort.

- Two collections: Léman & Léman Slim
  - Four writing instruments per collection:

## LÉMAN BLEU MARIN

For more than 20 years, Caran d'Ache has been giving a brilliant tribute to the most beautiful shades of the Lake Geneva. Writing instruments elevated to the rank of must by the fusion of precious ancestral know-how emblematic of Caran d'Ache: the art of lacquering and guillochage. With Léman Bleu Marin, Caran d'Ache invites writing fans on a soothing journey as the unfathomable waters ripple in the wake of adventurous boats. Adorned in navy blue lacquer, its body displays a deeply textured guillochage for the very first time, subtly calling to mind the sailing boats scattered over the water.

## BLACK CHAIN MAIL

The body of the Varius Ivanhoe Black is covered in a micro-woven chain mail in deep black stainless steel (a Milanese sheath). Using a highly advanced technology, Caran d'Ache craftsmen have treated the steel to receive a black PVD coating that is both strong and beautiful. This process colours the fundamental structure of the steel giving it an extraordinary fineness that will remain eternally unchanged.

## GENUINE RUBBER

This material has a strong character and contemporary, urban elegance. Its inclusion in the Varius design promises an eminently masculine stroke. The brilliant rhodium contrasts with the soft matte rubber allowing the Rubracer to meet the demands and requirements of today's men. A screw inserted in the body of the pen, the articulated clip on the cap, and the broader nib confirm the Varius collection's energy and modernity.

## CARBON FIBRE

Carbon fibre is the epitome of a modern material. Its lightness and outstanding rigidity give it an immediate appeal and Caran d'Ache uses it to create a new, high-tech interpretation of tradition. Removed from its normal environment of top-level sports, and linked with silver-plated and rhodium-coated elements, carbon fibre brings power and strength to the Varius line.

## CHINESE LACQUER

Caran d'Ache is proud to be one of the very few Western manufacturers of writing instruments to use this wonderful material. Chinese lacquer gives a magnificent finish to lighters and writing instruments in the Varius collection as well as some limited edition. This natural product is derived from the sap of the "Rhus Vernicifera" tree. Caran d'Ache's craftsmen have been inspired by the highly complex art of preparing and applying it in the manner of the great Eastern masters.

## CERAMIC

For the past few years, high-tech ceramic has been employed in the production of watch cases. This material is highly valued by the watchmakers for its lightness, its resistance to scratches and its silky touch. When associated with metal, ceramic offers a subtle contrast of materials and an elegant lighting effect.

## CHINESE ZODIAC

Caran d'Ache pays homage to the fine arts through its "Chinese calendar" collection, designed to bring the legend of the symbols of the Chinese zodiac to life. According to legend, the Jade Emperor invited all the animals to a mysterious gathering on New Year's Eve. He wanted to organise a race between the different species to establish a hierarchy among the animals. Only twelve animals accepted the invitation. The Emperor then gave each animal a unique gift: henceforth, a year would be dedicated to them and would bear their name. This is how the order of the animal signs of the Chinese zodiac was established.

1. The Rat - 鼠 5. The Dragon - 龍 9. The Monkey - 猴
2. The Ox - 牛 6. The Snake - 蛇 10. The Rooster - 雞
3. The Tiger - 虎 7. The Horse - 馬 11. The Dog - 狗
4. The Hare - 兔 8. The Goat - 羊 12. The Pig - 猪

With its "Chinese Calendar" collection, Caran d'Ache brings the legend of the symbols of the Chinese zodiac to life. The "Year of the Rabbit" limited edition carries on the tradition of this collection of exceptional writing instruments to celebrate the advent of the Chinese Year of the Rabbit. The elegant shape of the Rabbit appears against a background of black gloss Chinese lacquer, meticulously applied layer by layer using techniques handed down through generations. The lines and curves of its body are enhanced in genuine lavender Chinese lacquer. The Chinese seal in Caran d'Ache red and the gilt attributes create a striking contrast with this dark material, emphasising the meticulous work of the master lacquerer.

#### THE YEAR OF THE RABBIT

The fourth sign in the Chinese zodiac, the rabbit is known for its serenity, wisdom and good humour. Refined and discreet, this sign is appreciated for its unflinching calmness. The "Year of the Rabbit" writing instruments are designed and created as an artistic tribute. They embody the precious arts of engraving and authentic Chinese lacquer, long cultivated in the Caran d'Ache workshops.

#### CHINESE LACQUER

Known since the 14th century BCE, the art of Chinese lacquer was developed during the reign of the Shang dynasty. The natural material comes from the sap of the "Rhus Vernicifera" tree, which is native to tropical Asia. Produced entirely by hand, the meticulous application of successive thin layers of lacquer requires unflinching patience. The hand polishing reveals its incomparable hues.

## SPIRIT OF SWITZERLAND

To mark its 100<sup>th</sup> anniversary, Caran d'Ache paid tribute to its country with a limited edition of writing instruments, Spirit of Switzerland. This symbolic creation presents 14 elements of Swiss cultural identity.

Located at the heart of Europe and home to the snow-capped peaks of the Alps and the Jura, Switzerland enjoys international renown through its exceptional know-how, its iconic products, its idyllic countryside and its humanistic spirit. Swiss culture is characterised by its rich heritage, the incredible beauty of its natural landscapes and the unrelenting quest for perfection and quality in all areas of life.

The limited edition dedicated to Switzerland featuring 14 figurative representations, emblematic of Swiss cultural identity. The figures appearing in relief, sculpted in solid silver and adorning the body of the pens, represent the emblematic sectors that make Switzerland and its cultural heritage shine across the world. The delicately carved figurative structure appears superimposed on the matt black lacquer body of the fountain and roller pens. Friezes engraved with Swiss crosses form delicate borders at the far ends of each part of the writing instrument. The Spirit of Switzerland limited edition consists of 100 numbered fountain and roller pens, in symbolic tribute to the 100<sup>th</sup> anniversary of the Maison Caran d'Ache.

## OBERALP

Following the limited editions Poya and Rindya dedicated to the Swiss customs and Alpine traditions, the creation Oberalp salutes the refined expertise of the Caran d'Ache artisans in terms of figurative engraving. The Maison Caran d'Ache has developed the Oberalp limited edition in tribute to the Alpine spirit that is inextricably bound up with the intrinsic Swiss identity. The fascination of the mountains and its lively folklore, expressed through song, paintings, paper-cutting or the engravings on chalet façades, represent a living heritage that perpetuates the enduring Alpine spirit.

### The Oberalp Pass

An iconic site within the Swiss Alpine heritage, the Oberalp Pass is located at an altitude of 2,044 metres at the very heart of the Swiss Alps. It links the Rhone and Rhine valleys along the watershed between North and South. From the start of the 19<sup>th</sup> century, Swiss alpine passes became the independent and neutral guardians of the major, transalpine communication routes. They continue to provide a crossing through the Alps to this day.

The Oberalp limited edition is dedicated to the mountain and Alpine spirit. A narrative frieze motif evokes the symbols of Alpine life and the idyllic scenery of the Swiss mountains. A second frieze, engraved on the other three sides of the pen, portrays the beauty of edelweiss flowers. Crafting these miniature frieze motifs reflects the finesse of the traditional Alpine art of paper- or wood-cutting. Each item is decorated with black lacquer applied entirely by hand. The body of the fountain pens and roller pens features the finely engraved outlines of three edelweiss blossoms. Paying symbolic homage to the highest point of the Oberalp Pass, Oberalp writing instruments are issued in a numbered series of 2,044.

## VARIUS PETER MARINO

Caran d'Ache unveiled two exceptional creations, Varius Peter Marino and Varius Peter Marino - Special Edition, dreamed up by the famous American architect, talented designer and lover of fine materials. The Varius writing instruments by Caran d'Ache are an intrinsic part of the designer's life. He has always used them to draw his magnificent buildings.

### Caran d'Ache's iconic collection

Varius is the result of the passionate work with materials. The artisans exalts the noblest materials such as Chinese lacquer, carbon fibre, chain mail or ebony wood on the body of these fine creations. Precision, expertise and elegance are the hallmarks of this collection with superb writing comfort.

The two Varius Peter Marino versions are covered with leather, which provides unrivalled comfort. The architect's rock 'n' roll world fuses with the spirit of Varius writing instruments to ink two creations, which are simultaneously modern, surprising and fashionable. The essential values of the Varius collection are nonetheless safeguarded. Original materials do full justice to a custom-made approach, and ancestral skills are applied to create high-end models.

The Varius Peter Marino - Special Edition, designed by the architect, reflects his unique personality. A hand-made lacing goes through rhodium and silver-coated eyelets. The cap is topped by a silver-plated, rhodium-coated skull with black onyx eyes, reminiscent of the many rings adorning Peter Marino's fingers. The bodies of the writing instruments are sheathed in French calfskin. A generic numbering system, 1/148 (one out of 148), evokes the address of the architect's Manhattan studio: 148 East 58 Street. This is engraved on the cap at a scale of 1/148 along with Peter Marino's handwritten signature.

The body of these Haute Ecriture instruments is clothed in leather, carefully crafted to ensure unprecedented comfort. Like a nod to the world of fashion dear to Peter Marino's heart, a slim grey seam adorns the entire length of the instrument. A unique engraved limited edition number pays tribute to the date he set up his first New York studio: 1/1978 (one out of 1,978). The generic numbering is engraved on the cap at a scale of 1/1978 along with Peter Marino's handwritten signature.

## 1010 TIMEKEEPER

With the 1010 Timekeeper limited edition, Caran d'Ache has achieved a true technical exploit celebrating the encounter between Haute Écriture and Fine Watchmaking. Two art forms inextricably linked with Swiss heritage, embodying timeless ingenuity and technical virtuosity. Essential values handed down from generation to generation.

For this limited edition, Caran d'Ache pays homage to watch dials - repositories of the identity of exceptional timepieces. Guardians of the march of time, they faithfully accompany it down through the ages. The Maison Caran d'Ache has transposed the aesthetics of watchmaking culture in the discreet design of this unique writing instrument.

10 hours and 10 minutes: the ideal moment to stop the movement of the hands. Because the 1010 Timekeeper limited edition only reveals itself to those who can freeze time and make it all their own. A timeless, high – precision piece which gradually reveals itself. Caran d'Ache has reinterpreted the constituent elements of a watch dial on an original writing instrument. A journey around the dial, instantly plunging you into the world of Fine Watchmaking.

The 1010 Timekeeper limited edition displays its technical dimension on the silver and rhodium-plated body of the 500 pieces carefully crafted by Caran d'Ache artisans. Several elements of exclusive know - how are brought together in perfect harmony in this unique piece: guillochage, engraving, manual polishing, lacquering and PVD treatment. The 1010 Timekeeper limited edition boasts two silver and rhodium-plated caps that can be changed according to the user's desire, just as you would change a watch strap. The first cap is inspired by the mesh design of metallic watch straps. The second cap echoes the codes of watch crowns used to set the time. Both caps are engraved with a generic numbering "1 in 500 pieces".

## CAELOGRAPH

Caran d'Ache unveils a unique Fine Writing instrument, the Caelograph, which combines technical expertise with design in exploring one of man's most fascinating passions: the sky. In its long tradition of innovation, Caran d'Ache has developed another exceptional writing instrument that demonstrates great creativity and expertise. Like inventors always searching for new solutions, the craftsmen at Caran d'Ache have worked closely with an astronomer to produce this unique instrument that explores the sky and the stars.

### **A personalised journey deep into the cosmos**

Is it a writing instrument? A sky-watching tool? A work of art? The Caelograph is all of these. With a name that literally means "Write the sky" its ingenious mechanism allows you to see the position of the stars and the constellations at any given time, on any date. It brings alive the close, mystical relationship that has existed between man and the stars, Earth and sky, since the dawn of time.

As an instrument for writing and for observation, the Caelograph symbolises the union of arts and science, of the human being and the stars. Produced in three limited series, it is a compelling tribute to astronomy. The Caelograph features a sky chart that is delicately engraved on a night blue Chinese lacquer impregnated with silver particles. The grooves on the cap and the writing block are the hour lines typically found on sun dials. The pen's tip is embellished with a compass rose while the clip takes the form of a compass needle, evoking the ageless link between navigation and astronomy.

With great technical expertise, this exclusive invention presents a map of the sky in a design enhanced by a midnight blue Chinese lacquer. Apart from the natural requirement for accuracy, reproducing a flat map on the curved surface of a pen is a significant technical challenge. For the first time, the projection process known as Mercator has been applied to a writing instrument. In a second technical feat, Caran d'Ache has managed to represent, on a surface as small as the pen body, the 51 constellations and 353 stars visible from the northern hemisphere. And that is not all it does. The sky chart is mobile in order to indicate the position of the stars at any chosen time. This astonishing capability is made possible by an exclusive, highly ingenious mechanism based on two rings. One of the rings is mobile and is dedicated to the time, while the fixed ring is marked in days and months. By adjusting their position, the map can be set to the precise time and date required. A rotating semi-transparent sleeve reveals the visible part of the sky, indicates the horizon line, the compass points and the zenith.

The Caelograph case welcomes the new invention. Made of wood, gloss grey lacquered and screen printed. 3 removable wedges allowing each of these elements constituting the gift set to be positioned.

## CHROMATICS

Within each new Caran d'Ache ink lies the expertise of a unique savoir-faire: the science of colours. Vibrant. Deep. Powerful. Sustained. From a bursting red to a radiant purple, from an empyreal turquoise to a fiery orange, Chromatics INKredible Colors impose their noble marks across the entire spectrum of light. Every inkwell is a prism, playing with the reflections of the light and intensifying the colour that it holds inside. Each personality submits to the caprices of evocative names that entice one inescapably away to voyage and discovery. Beyond their colours, the characters assert themselves through to the tip of the pen, and breathe life into the very page. The Art of Fine Penmanship is adorned in a colourful finery that vivifies the most beautiful pieces of written work.

12 colours / 50 ml ink bottle, with a hexagonal cap and inkwell / Ink bottle also available in sets of 6 or 12 colours / International ink cartridges (6 pieces per pack)

# ACCESSORIES

## LA COLLECTION DE LA MAISON

To create its latest collection of leather goods, Caran d'Ache has combined its know-how with the talent of Isaac Reina, the internationally renowned designer famous for his modern and distinguished style. Adopting an approach inspired by industrial architecture and aesthetics, this intuitive creator has subtly revisited the codes of the Geneva-based company to create a collection boasting a highly contemporary and minimalist style. "La Collection de la Maison" includes accessories and luggage, which reflect a chic and relaxed lifestyle.

Dreamed up in the designer's Parisian workshops, this new range is made from smooth and supple leather in the pure tradition of ancestral know-how.

# THE SPIRIT OF THE WRITING INSTRUMENT

## SPIRIT OF EXCELLENCE

All the leather collections of the Maison are made in the fine tradition of luxury leatherwork. A European high-quality calfskin has been used to manufacture the Caran d'Ache accessories. The traditional tanning processes make the leather soft to the touch, bright and naturally smooth. Leather is a living material; its appearance can differ according to the veins and colour nuances and it acquires a patina over time. The surface of the brass metal parts receives a protective coating.

Designed in Isaac Reina's workshops in France / The selected leather is a European high-quality calfskin leather with mineral tanning from Italy / All metallic parts are made in Italy

## THE "SIGNATURE" DETAILS OF THE COLLECTION

The natural appearance of smooth calfskin leather in 3 colours – black, midnight blue and beige – is a pleasure to be seen. Its suppleness and mineral tanning make it soft and pleasant to the touch. Each item is punched with a mark, a tip of the hat to the workers who stamp the pencils produced by the Geneva-based company. The hexagon, a key symbol of Caran d'Ache, is a simple sign identifying all the finishes in this leather goods collection. Red stitching is a subtle reminder of the original Caran d'Ache colour on all accessories and luggage.

## VARIUS

Based on the design of the Varius collection, the iconic line of the Brand, the Geneva craftsmen have expanded their expertise in working with noble materials and have developed superb variations around the chain mail, snakewood and alligator leather.

## ECRIDOR

The Ecridor collection explores the infinite possibilities of the famous hexagon with highly successful adaptations of the Type 55, Cubrik and Retro lines. The body of each model, produced in stainless steel, carries the Caran d'Ache signature engraved on the mechanism.

# SERVICES

# PERSONALISED ENGRAVING

Numerous Caran d'Ache writing instruments can be engraved on request to the Brand retailers. On the opposite side the clip, the company's craftsmen have taken care to leave a space intended for personalised engraving.

This is where the customer can give free rein to his or her imagination. A name, a date or a short message... the writing instrument becomes a highly personal object, unlike any other.

# CORPORATE GIFTS

The name itself represents a prestigious, educational world and is now a synonym for excellence and creativity. More than simply a brand, the Swiss company has imposed its own style: a "Maison de Haute Écriture". With more than 200 writing instruments for both top-of-the-range luxury market and for the office, Caran d'Ache can propose many personalised gifts which are sure to capture attention. If you wish to thank your clients and keep their loyalty, or invigorate your sales team, have a look through our special catalogue and ask us for a quotation.

# FOUNTAIN PEN NIBS

The most authentic form of writing, showing every variation in pressure and speed, is that of the fountain pen. A pen moulds itself to its user's writing, which is why Caran d'Ache offers a range of widths for its hand-made and hand-polished nibs offering their owners exquisite writing comfort.

- Nibs made from rhodium-plated steel, 18-carat gold, rhodium-plated 18 carat gold or 18-carat pink gold-plating
- For the Ecridor, the nibs are made from rhodium- or silver-plated stainless steel
- For the Ecridor and Léman, the nibs are available in 4 tip sizes: F, M, B, BB
- For the Varius, the nibs are available in 7 tip sizes: F, M, B and EF, BB, OM, OB on request
- Unparalleled writing comfort recognised worldwide

# INTERNATIONAL WARRANTY AND REPAIR WORKSHOP

Lovers of handwriting often develop a real attachment to their pens. For this reason, our after-sales technicians do their very best to repair them whenever possible, only replacing them as a last resort. Repairs under warranty are free of charge and other repairs are only carried out after the client has accepted a cost estimate.

Caran d'Ache writing instruments are inspected and tested at each stage of production. When they leave the Geneva workshops they are in perfect condition and are warrantyd against any manufacturing defects. An international warranty certificate accompanies each instrument.

## HOW TO FILL IN THE WARRANTY CERTIFICATE ?

- Product: product reference
- Date of purchase: month / year
- Finishing: gold, silver, gold-plated, silver-plated, palladium-coated, platinum-coated etc.
- Dealer's stamp: from the retailer

## INTERNATIONAL WARRANTY EXTENSION

Alternatively, you can scan the QR CODE to download the user manual and activate the international warranty extension.

# PACKAGING

To meet the needs of our partners and their customers, Caran d'Ache provides easily identifiable packaging for each of our writing instruments with a consistent choice of colours, optimal sizes, designs and top-of-the-range materials. Black cases highlighted with Caran d'Ache logo in hot silver makes a high-quality presentation for all writing instruments reinforcing the Brand's image carefully preserved over several generations.

- Red shopping bags with black handles (available in 3 sizes)
- Gift pouches with adhesive closure (available in 3 sizes)
- Red or white satin ribbon with embossed logo
- Reversible red and black wrapping paper with logo

# THE MERCHANDISING

Our merchandising concept for writing instruments reflects a recent realisation by the company: the opportunity to present all our products and ranges in the same place and with the same identity.

To mark its centenary in 2015, Caran d'Ache unveiled a new, single logo for all its products. This logo, (while drawing on the history of the Brand) is clear, sober and modern, offering new visibility. It is sometimes also accompanied by the hexagonal isotype, directly inspired by the iconic pencils by Caran d'Ache.

It is against this backdrop, and with a desire to juxtapose our three worlds in a coherent manner, that the global retail concept has been defined. The Haute Écriture concept is thus the fruit of this new juxtaposition and adapts to the new codes and new identification. It, too, is clear and modern.

## THE MERCHANDISING CATALOGUE

The aim of this document is to incorporate all the tools and guidelines in order to ensure optimum presentation of our writing range in our corners, our furniture or in any presentation space.

Brochure available as a PDF file.
