OUR LITTLE HANDS  
WILL CHANGE  
THE GAME.

Tomorrow is  
in your hands.

# WELCOME

**Putting the power to change  
the world in our children's hands!**

**This is our corporate mission, our guiding principle,  
our raison d'être.**

We have countless projects on the go, particularly  
with regard to the environment:

Expanding our eco-designed product selection

Launching our Smiling Planet range this year

And steadily switching from plastic packaging  
to 100% recyclable packaging.

In parallel with this accelerated environmental  
transformation, nearly 12 million Maped products now  
bear the logo of our 1% For Education endowment fund.

**By buying one of these products, you can contribute  
to our efforts to promote education.**

# MOVING FORWARD AS A TEAM ETHICALLY

## EDUCATION FOR ALL A FIRST CLASS OBJECTIVE

1% of our sales of products with the label is dedicated to funding as many initiatives as possible in favour of educational access and support.

Find out more

### In Morocco

Hundreds of school supplies were distributed to disadvantaged children.

### In Mexico

"El Major estudiante MAPED" supports education and culture in the country.

### In Argentina

"Mano Amiga" gives more than 1,000 children living in extreme poverty the opportunity to access education.

### In Asia

The **Maped Academies** Network sends equipment to schools.

In 2019, Maped was labelled a "caring company" for its donations to schools and its actions in **the poorest areas** in China.

## OUR ETHICAL COMMITMENTS

We produce as close as possible to our markets...  
And our markets, well they're like schools, they're everywhere.  
From China to Mexico or from Argentina to Vietnam... That's a lot of people!

We may be big kids, but at MAPED we make health, safety, quality, and good working conditions a priority.

ACCORDING TO THE LATEST NEWS,  
WE ONLY HAVE ONE PLANET SO  
LET'S TAKE CARE OF IT

LET'S RE-INVENT  
OUR PRODUCTS

70% of our emissions are generated by our products.

So the best way to change tomorrow is to start with designing them better.

Geometric range

Made from 80% recycled material and recyclable paper packaging.

Our commitment is at the heart of all our decisions:

REDUCE  
OUR CARBON FOOTPRINT  
BY 1/3 BY 2026.

to achieve carbon neutrality by 2050.

Sustainable

Diamond scissors are wear-free thanks to high-tech treatment of the blades!

FSC-certified materials

From responsibly managed sources: like our coloured and graphite pencils and rubber erasers.

FSC™ C156374 | [www.fsc.org](http://www.fsc.org)

## LET'S RE-INVENT OUR PACKAGING

**BEFORE**

PVC shell on the blades  
+ cardboard blister pack

**AFTER**

Blister pack  
**100%** recyclable  
cardboard

REPRESENTING  
**5.5 TONNES**  
OF PVC SAVED  
PER YEAR

Recyclable packaging for a **more sustainable world!**

Elimination of all PVC packaging by 2022!

## RE-INVENT THE WAY WE PRODUCE

**Less energy and more sustainability**

Our factory in France has been powered by 100% green electricity since 2020, mainly through hydroelectricity.

The result? Our carbon impact due to electricity is divided by 10!

**Optimised logistics flows**

Low-carbon transport and local procurement.

In France, since the beginning of 2020, 100% of our inter-site shuttles will be powered by biogas. And that represents 75% of CO<sub>2</sub> emissions saved!

**Protecting and recycling water**

In China, a system was installed in 2020 to **recycle cleaning water**.

This system allows for a «**0 waste**» closed circuit because no dirty water is discharged.

**More robust industrial devices**

For example, the moulds that make our felt-tip pens are **super robust** and can produce hundreds of millions of units.

ETHIC

## WHAT'S «ETHIC» ALL ABOUT?

**My mission is to help you identify our most responsible offers.**

Products bearing this pictogram have one or more of the following benefits:

-  They are **eco-designed** (products made from recycled materials, recyclable paper or cardboard packaging, products made from post-industrial residues);
-  They have a **certification with a positive impact on the environment**;
-  They guarantee that **part of Maped's turnover finances initiatives in favour of education**

The future is looking bright.

**So don't waste any more time and start looking for me!**
