3Doodler[®]

#WhatWillYouCreate?[®]

ABOUT

The 3Doodler Story

The story of 3Doodler started out with a good dose of imagination, endless hours of engineering, and a sprinkling of good fortune.

From a handmade prototype in a Massachusetts makerspace, to one of the most successful Kickstarter projects of all time, 3Doodler is now the best-selling 3D printing pen out there. Along the way our community of creatives and educators has grown, using 3Doodler in ways we never imagined, and changing the lives of those around them.

As our team has grown, traversing three continents, we've kept creativity and our customers at our core.

Now with over 3 million 3Doodlers shipped, and our pens making an impact in over 10,000 classrooms worldwide, the next chapter of our story is in **your hands**.

Where will your imagination and creativity take you today?

PRESS

See What People Are Saying

"3Doodler is back with another 3D printing pen, and this one looks better than ever"

Stuff

"The team has put the 3Doodler in range for anyone with a passion for making."

WIRED

"3Doodler offers something unique, letting users create strange new works of art."

engadget

"...Is among the best new stuff we've seen..."

GQ

"Drawing in midair isn't just make-believe"

Mashable

"It's a model of how all consumer technology should be"

The New York Times

"Eliminates the technological barriers between your mind's eye and what comes out of the nozzle"

DIGITAL TRENDS

"How far the idea of 3D printing has reached so very swiftly"

DON'T MISS OUT ON THE
3Doodler App
AN INTERACTIVE COMPANION

With the 3Doodler App you can use your device as a canvas. Forget doodling with your phone, we're talking about doodling on your phone. Download and give it a try!

Features hours of tutorials & projects for **Start+** and **Create+**. This will help kids and adults successfully construct their own creations at home. Each tutorial includes stencils and step-by-step guides to complete each challenge.

Engage Primary & Secondary students in subjects from science to the humanities.

At 3Doodler, creativity is our passion. We embrace the power of inclusive education and believe that learning is strongest when students make real things — in STEM, through the arts, and with engaged play.

3Doodler is committed to bringing a new dimension to STEM education. With 3Doodler Start+ and Create+, there is a 3Doodler for every student, whether primary, secondary, or university level.

We work with teachers and curriculum writers globally to create meaningful classroom materials. All 3Doodler STEM and curricular materials are available for free at: learn.the3Doodler.com/lessons/

What's in each 3Doodler EDU Learning Pack?

With 3Doodler EDU Learning Packs, you can equip an entire classroom with 3Doodler pens and accessories for less than the cost of a regular 3D printer.

You can also break down a Learning Pack into individual all-in-one, open-and-go sets using our Storage Pouches & Challenge Cards.

Both the **3Doodler Start+** (Grades K-8) and **3Doodler Create+** (Grades 8-12) Learning Packs come in 12-Pen and 6-Pen variants.
